Circular – Offline Classes

Dear Parents

Greetings from Indian School Bousher!

Team ISB is owing gratitude to the entire parent community for your support and understanding for the start of Offline Classes for all the Grades (KG – 10).

We do appreciate the parents of **Grade 1 to Grade 10**, for their open feedback given after the 4th PFM. Almost all the parents have thanked the School and the Staff for their tireless efforts in supporting their children during this Pandemic situation. We are analysing the few concerns expressed by the parents and we will address those issues, at the earliest, on case to case basis.

We request our parents to understand and support us in the following, as always:

- 1) As the Offline and Online classes are functioning simultaneously, **PE, Library and Lab lessons** cannot be live-streamed. During those lessons, students opting for online classes should continue with the reading and writing tasks. (Google class links will not be shared for the same)
- 2) As many of you are requesting **“Daily Offline Classes”**, the Academic Leadership Team will work on absenteeism and get back to the parents who have requested, at the earliest. As of now we are allocating the maximum strength a day as per MOE directives.
In case a few are not opting the offline classes, we shall consider those who have requested **“Daily Offline Classes”**.
- 3) **Zero lesson is not a free lesson** - Daily Assembly, Board work, Attendance and a **SHORT TEST** will be conducted to test the previous learning and revamping.
- 4) Please prepare for the same and it is mandatory to attend the zero lesson.

Short Test Schedule is as follows: (10 marks Test)

Sunday - Math

Monday - Science

Tuesday - SST

Wednesday - English

Thursday - 2nd Language

Note:

Parents who are waiting outside the School campus to collect their children at the time of dispersal are requested to maintain social distancing.

With warm regards,

Bhavesh Bhalerao
Principal
